

DIRECTORY OF CODES:

Individual level analysis looking at the relationship between ASM adherence and seizure occurrence

TriggerProject_JC_Individual_ASM_Seizure_MA_LagMatrix_Annals

Code to generate the plot of seizure occurrence following missed versus no missed ASMs

TriggerProject_JC_Individual_ASM_Seizure_LagMatrix_Plot_Annals

Individual level analysis looking at the relationship between ASM adherence and MA

TriggerProject_JC_Individual_ASM_MA_LagMatrix_Linear_Annals

Group level analysis using mixed effects GLM to look at the relationship between ASM adherence and MA on seizure occurrence

TriggerProject_JC_MixedEffects_Lagterms_Annals

Group level analysis using mixed effects GLM to look at the relationship between ASM adherence (half-life approach) and MA on seizure occurrence

TriggerProject_JC_MixedEffects_HalfLives_Annals

Sensitivity analysis of the mixed effects GLM approach

TriggerProject_JC_Sensitivity_Annals
